PROFILE

I am enjoying learning Web Development and the new libraries and techniques that have been created. As a dedicated self-learner, I am appreciating the challenge of learning brand new languages while rekindling my past knowledge.

SKILLS

Front-End Development

- HTML5
- CSS3
- JavaScript ES6
- React.js
- Bootstrap
- Responsive Web Design

Back-End Development

- Python 3
- Django REST framework
- PostgreSQL
- SQLite
- Authentication
- AJAX Requests

Modern Tools

- Third-Party APIs
- Git Version-Control
- GitHub
- Test-Driven Development
- Photoshop

ADAM WEILER

Full-Stack Web Developer

EDUCATION

WEB DEVELOPMENT IMMERSIVE | General Assembly | 2019

- Studied an intensive 12-week course that combined interactive lectures and applied knowledge for project-driven learning
- Learned the frameworks necessary to solve real-world problems and build full-stack applications

CODECADEMY | 2019

- Performed ~300 hours of training to complete Web Development path

FREECODECAMP | 2018 - 2019

- Earned certificates in Responsive Web Design, JavaScript Algorithms and Data Structures, APIs and Microservices, Front End Libraries

WEB DEVELOPMENT with Honours | Durham College | 2006 - 2008

- Learned how to design and build websites using HTML, CSS, JavaScript, PHP, SQL, Photoshop, and Flash

PROJECTS

SongFeels **| 2019**

- **Languages:** React, Django, third-party API, CSV database, Bootstrap
- Independently built an application that searches a third-party API for song lyrics, compares to a database of 14,000 words, and uses a custom algorithm to identify emotions displayed

CarbCount **| 2019**

- **Languages:** React, Django, PostgreSQL, Bootstrap
- In a small team developed a full-stack application that searches a third-party API for nutritional information and calculates how much insulin is required after the person with diabetes eats

Crowdfunder **| 2019**

- **Languages:** Django, SQLite3, CSS
- In a small team developed a web app that allows users to create personal projects and crowd-source funds

EXPERIENCE

CLIENT ASSISTANT | Seniors Life Enhancement Centres | 2015 - 2019

- Worked in a team setting to support clients with memory impairments, frailties, and/or physical disabilities

FREELANCE WEB DEVELOPER | Self-Employed | 2008 - 2009

- **Languages:** PHP, JavaScript, CSS, HTML
- Worked internationally to implement website changes for clients

GRAPHICS AND WEB DESIGNER | UOIT | 2006 - 2008

- **Languages:** PHP, JavaScript, CSS, HTML
- Designed and built several websites for a youth summer camp
